A DAY IN THE TINGLES

Experience the excitement of exploring the canopy of the magnificent tingle forest on the 600metre Tree Top Walk. Complete the experience with a walk through the Ancient Empire—an interpretive trail meandering through the forest floor in between 400 year old red tingle trees.

Following the majesty of the Tingles we enjoy a lunch stop at the “Nornabar “ located in the historic settlement of Nornalup on the banks of the Blackwood river. (Lunch at your expense)

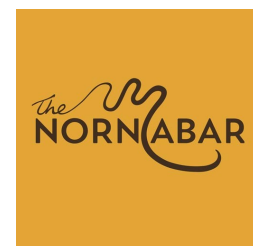

No tour is complete without a little liquid refreshment so we make a stop at Moombaki Wines where you can enjoy their magnificent wines. David and Mel will readily discuss their organic Inspired farming system with you while you taste.

What do we enjoy after wine? A coffee & chocolate of course! Last on our journey is Swiss Annie’s Chocolate lounge where you can also spoil yourself with a hot chocolate made with the chocolate of your choice!
